

## ***5 UNEXPECTED DESTINATIONS TO VISIT WITH YOUR SO***

***INSTEAD OF SANTORINI, TRY CASA ANGELINA IN PRAIANO, ITALY***

I love Greece (just like we love all these “instead of” places, tbh), but Santorini is one of those places that everyone and my brother visits all the time. I still really want to go, but to actually get away, spend some romantic one-on-one time, all while stuffing my face with fresh seafood and wine (albeit of the Italian variety instead of Greek), I’m going to Casa Angelina. A designer-y hotel ideally situated between Positano and Amalfi on the Amalfi Coast, it’s removed from the insanity of the peak tourist destinations but still has all the perks. And, honestly, it’s hard to think of a place better than Italy to truly feel the romance.
